

My Work and My Purpose

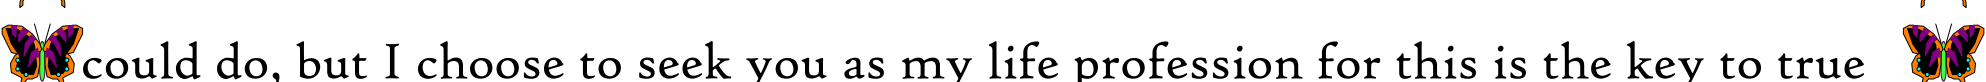

My work is to seek you; my work is to serve you with my life. I have been bought with a price. All you require is for me is to be a living sacrifice . . . holy and acceptable unto you for this is my reasonable service.

My work is to seek you. There is plenty of stuff to do and lots of things I could do, but I choose to seek you as my life profession for this is the key to true blessings.

My work is to seek you; holy, true You. No other will do; Matchless, Magnificent, Powerful, Majestic You . . . are, and I seek you as my work.

I was created for communion with you. This is my one and only sole purpose. My work is to seek You!
